

## **Watermelonade**

### **Ingredients :**

- 4 cups cubed watermelon
- ½ cup castor sugar or Selati sweetener, to taste
- 1 cup water
- ½ cup freshly squeezed lemon juice
- Ice blocks and mint, to serve
- Lemonade, to top up

### **Methods :**

1. Put the cubed watermelon in a blender with the sugar, 1 cup water, lemon juice and puree until smooth, about 20 seconds.
2. Strain through a fine mesh sieve.
3. Fill glasses with ice; add about 3 tablespoons of watermelon juice and then top up with lemonade.
4. Stir gently before serving with a sprig of mint.
